Bozting Token Whitepaper

# Bozting Token Whitepaper

## 1. Introduction

Bozting is a hosting company that provides reliable, fast, and cost-effective hosting solutions to its customers. This whitepaper introduces Bozting's proprietary crypto token, Bozting Token (BTING). BTING will be utilized within the Bozting platform to provide various benefits to users.

## 2. Bozting Token (BTING)

Bozting Token (BTING) is an BEP-20 token based on the Binance Smart Chain. BTING will be used within the Bozting platform for purchasing hosting services, making payments, and accessing platform-specific advantages.

## 3. Use Cases

BTING will have the following use cases:

- **Hosting Services:** Customers can use BTING to purchase hosting services from the Bozting platform. Discounts and special offers will be available for payments made with BTING.
- **Payment Method:** BTING can be used as a method of payment for other transactions within the Bozting platform, providing users with a convenient and fast payment option.
- **Special Discounts and Benefits:** BTING holders will be eligible for special discounts, promotions, and benefits within the platform.
- **Affiliate Program:** Bozting Data Center users can make income with affiliate program

## 4. Hosting Services

- **Web Hosting:** Web & Email hosting services suitable for your business needs.
- **Cloud Storage:** Managed service for storing unstructured data.
- **Database:** Easily create databases with MSSQL and MySQL.
- **Application Server:** Best solution for your apps or online games.

## 5. Affiliate Program

The Bozting Affiliate Program includes entrepreneurs, educators, influencers, and content creators who want to create passive income. The program is free to join, and allows you to earn commission from each service sales.

### Earning Table:

- 1-5 Sales/mo -> %8/sale
- 6-10 Sales/mo -> %10/sale
- 11-20 Sales/mo -> %12/sale
- 21+ Sales/mo -> %15/sale
